Muhammad Ahsan Munir

Software Engineer

I have almost 5 years of experience if I'm excluding undergraduate internships then I have 4 years of experience in developing cross-platform mobile apps for iOS and Android using the react-native and expo library for many USA and European companies. I'm using state-of-the-art technologies such as redux, redux-saga, and redux-form to deliver reliable highly efficient, bug-free code within reasonable deadlines. Integration with various cloud technologies including Google Firebase, Google Map APIs, etc.
